**Vote NO on Question C  
Protect YOUR Voter Rights**

**The Washington Post:**

“Term limits ... arbitrarily bar incumbents from seeking voter approval for good service. Voters should vote against the measure and preserve their own freedom to decide.”

**The League of Women Voters:**

“Term limits can decrease accountability and reduce the effective performance of elected officials. The best way to limit the term of elected officials is at the ballot box.”

**County Councilmember Ike Leggett:**

“Contrary to the claims of those who support this amendment, Question C will not end gridlock, reduce taxes, or lead to the election of people with diverse backgrounds and experiences. If you want to preserve your right to vote for candidates of your choice, vote against Question C.”

**County Councilmember Howard Denis:**

“Montgomery County voters are among the most sophisticated in the nation. They do not need any artificial limitations on their right to vote for the County Executive and County Council.”

**The Jewish Community Council of Greater Washington:**

“Term limits are unhealthy for democracy. They remove the decision of who merits re-election from voters and instead create an arbitrary and artificial standard for deciding who should continue in office.”

**The Montgomery County Business PAC:**

“The business community is opposed to Question C because term limits will do only thing: they will prohibit Montgomery County citizens from voting for candidates of their choice.”

**VOTE NO ON QUESTION C  
PROTECT YOUR VOTER RIGHTS**

Authorized by Fred Evans, Treasurer, Citizens for Voter Choice
